SMC ALUMNI ASSOCIATION

Treasurer's Report

The alumni officers and the administration of the College wish to thank the alumni for their wonderful support of the building program, especially the new Library Fund project at Southern Missionary College.

This figure represents 6% of the total alumni and a per capita giving of \$96.62 for the members who have donated. The average gift for all the alumni now stands at \$6.16.

It was voted at the regular annual meeting that each member do his best to give a minimum of \$5 a year. If you have not availed yourself of this opportunity, your Alumni Association requests that you be active in this particular campaign to build the new \$625,000 library on the SMC campus.

College Builds New Structures

President W. M. Schneider and College Manager Charles Fleming look over library plans and site.

Two main buildings are now under construction on the SMC campus. As the alumni know, the new library structure is under way, and Mr. Francis Costerisan, plant engineer, reports some progress in spite of the bad weather over the last few weeks.

The foundation walls are done, and it is hoped that construction on the upper walls will be started shortly. The library, which will cost \$625,000, will be two stories above the basement with the necessary reference rooms, reading rooms and offices for a library for more than 1500 college students.

Of the total cost of \$625,000, approximately \$175,000 has been received in cash to date with the alumni, faculty, constituents, students, businessmen in the area, and foundations supporting the drive.

Also under construction is the new college broom shop. (See picture on page 3).

President W. M. Schneider presents diploma to Steven Wayne Thompson and congratulates him at commencement ceremonies.

133 Four-Year and 30 Two-Year Grads

The senior class this year was the largest on record with 133 four-year graduates and 30 two-year graduates.

Elder Ben Wheeler Appeals for Books

In a letter from Elder Ben D. Wheeler, '49, we quote, "We would appreciate an appeal for books for our school library. It is an eight-grade school located on the side of the Ruwenzori Mountains, the Mountains of the Moon, which feed the Nile River. The school was destroyed by tribal fighting and an earthquake a couple years ago, and last year we reopened from scratch."

Another excerpt from his letter, "Within the past few weeks I have received letters from more than a dozen of our workers pleading earnestly for Spirit of Prophecy books."

Why not answer both calls at the same time and as Elder Wheeler said, "If you have any old books to throw out, if you will throw them our way we will be very grateful."

The appeal is for second-hand books, but no one will object to new ones. The Collegedale post office quoted the following rates: by boat, 1 lb. 19¢, 2 lb. 31¢, 3 lb. 43¢, etc. Air mail has no special rate for books. These rates are from anywhere in the U.S. The address is: Elder Ben D. Wheeler, Ruwenzori Station, P.O. Box 22, Fort Portal, Uganda, East Africa.

John E. Robinson, '68, of Camden, Mich., was promoted recently to Army first lieutenant during ceremonies at Ft. Sam Houston at Army Medical School. Congratulating him is Lieutenant Colonel Rosemarie P. Mahoney, class advisor. Lt. Robinson is regularly assigned to Welson Army Hospital at Ft. Dix.

SMC Enrollment Sets New High As 1303 Register

A new enrollment record was set for Southern Missionary College as classes opened on September 10.

SMC's beginning enrollment of 1303 surpasses last year's by 55, according to Dr. C. F. W. Fatcher, director of admissions and records — a 44 percent gain over last year's opening figure.

This is the highest fall semester registration in SMC's history, representing 151 percent of 1963's record of 861 and 274 percent of 1957's final semester figure of 475.

SMC's 4.4 percent gain in students tops the predicted national rise of 2.9 percent made in August by the U. S. Office of Education for enrollment of degree-credit students in colleges and universities in 1969-70.

Student resident accommodation facilities are overloaded according to

Delmar Lovejoy, dean of student affairs.

Thatcher Hall, women's residence, is housing 20 in temporary rooms including guest and recreation rooms, reports Miss Grieta DeWind, dean of women.

Talge Hall, men's residence, has 18 in temporary quarters including guest rooms and infirmary. "We expect the crowded conditions to be relieved soon," said Lyle Botimer, dean of men, "with several students possibly transferring to community residences."

Registration breakdown figures show 463 freshmen, 356 sophomores, 262 juniors, 181 seniors and 41 special students.

Of the 1303 total number, 787 are former students, and 516 are new registrants.

These figures do not include College-
